Adam Khayat

Edmonton, AB, Canada | (780) 935-5704 | a.khayatcode0103@gmail.com

EXPERIENCE

WebWave Canada LTD | Edmonton — *Founder*

2022 - PRESENT

As Founder of a dynamic Web & Digital Marketing Agency, I lead a skilled team specializing in Web Design and digital marketing services. Proficient in project management, responsive design, and client communication, I cultivate a collaborative team environment, ensuring end-to-end project execution for client satisfaction.

Freelancer | Remote — *Web/Software Developer*

2023 - PRESENT

Collaborating on client projects with agile development, I manage end-to-end proficiency in front-end and back-end technologies. Adapting to tech trends, I showcase problem-solving prowess, consistently delivering projects on time and within budget. Demonstrating full-stack development expertise, I earn positive feedback for detail and communication.

FC Malaga City | Spain — *Professional Football Player*

2021 - 2022 | Youtube

As Team Captain, I showcased leadership, communication, and strategic skills. Balanced rigorous training schedules, adhering to a strict regimen. Competed internationally against top European Academies like PSG, Atletico Madrid, and FC Barcelona, adapting to diverse styles. Fostered effective collaboration within a team-oriented atmosphere.

EDUCATION

University of Colorado - Coding Dojo | *Full-Stack Development*

2022 - 2023

Attained Highest Honors in multiple technology stacks, including Python, Java, and JavaScript, following successful completion of the University of Colorado short intensive program. Showcasing proficiency in multiple technology stacks.

CLIENT PROJECTS

Revive Cosmetic Clinic – *Full-Stack Developer* | *[Live Link](#)*

Technical Skills: WordPress(Elementor), JavaScript, HTML, CSS

Crafted a sleek Cosmetic Clinic website using **WordPress** for seamless **front-end** and **back-end development**. Applied unique styling with **CSS** for a modern design and utilized **JavaScript** to enhance interactivity. Demonstrated proficiency in **WordPress, HTML/CSS**, and **JavaScript**, ensuring an engaging and user-friendly online experience.

Salma Business Consulting – *Full-Stack Developer* | *[Live Link](#)*

Technical Skills: WordPress(Elementor), JavaScript, HTML, CSS

Developed a dynamic Business Consulting website, employing **WordPress** for comprehensive **front-end** and **back-end** solutions. Utilized **JavaScript** to enhance interactivity and **HTML/CSS** for a polished and professional design. The site showcases my expertise in **WordPress** development, **JavaScript** for dynamic features, and **HTML/CSS** for a visually appealing and responsive user experience.

PERSONAL PROJECTS

Fabriko (E-commerce) – *Full-Stack Developer* | *[Video](#)* – *[Github](#)*

Technical Skills: JavaScript(React.js), Java(Spring), CSS, Bootstrap, MySQL, AWS(EC2, S3), Git

Developed a robust **CRUD RESTful API** using **JavaScript(React)** and **Java(Spring Suite)** for efficient **full-stack web applications**. Applied **CSS** and **Bootstrap** for captivating front-end design and **UI/UX** principles. Leveraged **MySQL** for database management, including admin functionality and secure user authentication. Deployed "Fabriko" on **AWS EC2**, utilizing **Git** and **S3** for enhanced functionality and user experience.

Universe (Social Media) – *Full-Stack Developer* | *[Video](#)* – *[Github](#)*

Technical Skills: JavaScript(React.js), Python(Flask), CSS, Bootstrap, MySQL, AWS(EC2), Git

Built a versatile **CRUD RESTful API** using **JavaScript (React)** and **Python (Flask)**, showcasing expertise in **full-stack web applications** with **MySQL** database integration. Crafted engaging front-end design with **CSS, Bootstrap,** and web development skills. Developed secure user authentication for registration and login. Deployed "Universe" on **AWS EC2**, using **Git** for version control, showcasing proficient server deployment and version control expertise.
