SUMMARY

Proactive, dedicated full stack professional in Software Development with a passion for problem solving and coding, eager to leverage technical skills contributing to a dynamic team and further excel as a Software Developer.

TECHNICAL SKILLS

Languages [Python, Javascript(ES6, Node.js), Java, SQL, HTML5, CSS**] Frameworks/Libraries [**Flask, Jinja2, React, Express, Spring Boot, Spring Security, ERD/Database Design, Bootstrap **] Databases [**MySQL, MongoDB, Mongoose**] Tools [**VSCode, Spring Tool Suite, PostMan, MySQL Workbench, Git, GitHub, Bash, JSON, AJAX, OOP, Socket.io, RESTful API, AWS(EC2, S3) **]**

TECHNICAL PROJECTS

Fabriko E-commerce Website | Lead Full-stack Developer | Live Link **|** GitHub

An E-commerce platform for online shopping with user authentication and admin functionalities.

Technical Skills: Javascript(React.js), Java(Spring), CSS, Bootstrap, MySQL, AWS(EC2, S3)

- Developed a CRUD RESTful API using React (Front-end) and Java Spring Suite (Back-end), ensuring efficient data management and showcasing versatility in building full-stack applications.
- Crafted an engaging front-end design using CSS and Bootstrap to enhance the website's aesthetics.
- Leveraged MySQL for database management, demonstrating expertise in data handling and database integration.
- Created admin functionality to manage products, including adding, editing, and deleting products, showcasing robust data manipulation and back-end development capabilities.
- Developed user authentication with role-based access, showcasing proficiency in implementing secure user authentication techniques.
- Deployed "Fabriko" on AWS EC2, utilized S3 for efficient image storage, enhancing functionality and user experience.

Universe - Social Media Platform | Full-stack Developer | Live Link **|** GitHub

A dynamic social media platform for connecting users across the universe.

Skill: Javascript(React.js), Python(Flask), CSS, Bootstrap, MySQL, AWS(EC2)

- Built a versatile CRUD RESTful API using React (front-end) and Python (Flask back-end), demonstrating expertise in both technologies.
- Designed and styled the website with CSS and Bootstrap, displaying a captivating front-end design.
- Developed user authentication for registration and login, ensuring secure access to the platform.
- Empowered users with the ability to create, edit, and delete their posts, demonstrating a strong understanding of user-centric design and personalized content management.
- Successfully deployed the "Universe" platform on AWS EC2, demonstrating proficient server deployment and cloud technology expertise.

PROFESSIONAL EXPERIENCE

Professional Football Academy | FC Malaga City | Malaga, Spain   2021-2022

- **Team Captain (Second Half of Season):**
    - Demonstrated strong leadership and exceptional communication skills on and off the field.
    - Led the team through strategic decision-making during matches, paralleling problem-solving in web development.
- **Structured Schedule Management:**
    - Balanced rigorous early morning training sessions and evening tactical sessions, showcasing discipline and effective time management.
    - Followed a strict nutrition and training regimen, highlighting dedication, attention to detail, and commitment to achieving goals.
- **International Competitions:**
    - Adapted to diverse playing styles and environments to compete against top European football academies including PSG, Atletico Madrid, and Ajax FC.
- **Collaborative Environment:**
    - Thrived within a team-oriented atmosphere, fostering camaraderie and effective collaboration with diverse teammates.

Assistant Spa Manager | Moroccan Beauty | Edmonton, Alberta   2020-2021

- Proactively managed inventory and diligently tracked product stock levels to ensure seamless spa operations and availability of essential products for the team.
- Streamlined client appointment scheduling using Excel, effectively coordinating bookings and minimizing conflicts, resulting in a smoother and more efficient appointment system.
- Demonstrated strong attention to detail in monitoring product usage and promptly restocking when needed, ensuring continuous supply for a seamless client experience.
- Maintained a well-organized and clean environment in the treatment rooms, ensuring an inviting and comfortable experience for clients and an efficient workspace for the spa team.

EDUCATION

Full-Stack Developer Certificate | Coding Dojo - Colorado Technical University ● Achieved highest honors in Python, Java, and MERN (MongoDB, Express, React, Node.js) full-stack development.	2022-2023
